

FLOW TECH, INC.

CREATING HIGH PERFORMANCE HEALTHCARE FACILITIES

Since 1988 Flow Tech has been an industry-leading manufacturers' representative of commercial HVAC products and services. Dedicated to serving the healthcare market, we offer solutions that are cost-effective, energy efficient and safe.

Our Sales Engineers work as product champions and possess both technical and benefit-driven knowledge about their product lines. Our experienced Field Technicians are available 24/7 for install, service and preventative maintenance. We're engaged in your project from design through installation.

"It's always a pleasure to work with Flow Tech and the products they distribute - top of the line!"

— Scott Boothroyd, Trueflow Testing and Balancing, LLC.
