

FlowTech

Product Line Card (A-M)

Variable Frequency Drives (VFDs) for HVAC and Water/Wastewater Applications.

Custom Air-Handling Systems

Airflow Measurement and Control Systems

Installed Facility Monitoring Systems for Demand Control Ventilation (DCV)

Code-Compliant & Corrosion-Immune Air-Handling Systems

Ventilation and Drive Engineering

Germicidal UV-C for Ice Machines

Dehumidification and Heat Recovery Systems

Corrosion-Resistant Exhaust Systems

FlowTech

Product Line Card (N-Z)

Critical Airflow Control Systems

Secure Aire
Particle Control

Ultra-Violet Applications for HVAC

Control Dampers and Louvers

Energy Recovery Wheel Systems

Custom Air-Handling and Advanced Hydronic Solutions

Hazardous Gas Detection Systems

Commercial Fans and Blowers

Noise Control Products
